KPJU TRAINING ALMANAC 2026

Care for Life

Continuous Professional Development (CPD)

About CPD

Continuous Professional Development (CPD) at KPJ Healthcare University and its colleges supports structured, lifelong learning for healthcare and non-healthcare professionals. Our programmes are designed to address current clinical practices, emerging technologies— including Artificial Intelligence—and the evolving healthcare ecosystem. In addition to clinical offerings, we deliver a comprehensive range of leadership, management, operational, and professional skills programmes. The CPD Training Almanac 2026 reflects KPJ Healthcare University's commitment to high-quality, practice-driven learning facilitated by experienced trainers and industry experts. Customised training solutions are available to meet specific organisational requirements.

Training Fields

1. Nursing
2. Pharmacy
3. Life Sciences & Allied Health
4. Technology, AI & Digital Health
5. Leadership, Management & HR
6. Executive Development
7. Team Performance and Engagement
8. Professional Certification

Contact

For full programme information, detailed training outlines, delivery modes, fees and customisation options, please contact the Centre of Continuous Professional Development (CCPD), KPJ Healthcare University. Our team will be pleased to support your organisational training and professional development needs.

DISCLAIMER

KPJU reserves the right to amend training schedules, dates, fees, and programme content at any time without prior notice. Readers are advised to review the latest version of this Training Almanac periodically for updates or revisions. Content is updated from time to time to reflect new information or programme changes.
